

# USER MANUAL

## I. About Tab

Introduces the user to our program

## II. Add Member Tab

Program starts by adding your information

The screenshot shows the 'Add Member' tab of the 'Family Tree' application. The window has a title bar with three red, yellow, and green window control buttons. Below the title bar is a tab bar with three tabs: 'About', 'Add Member' (selected), and 'Tree'. The main content area has a heading 'Fill in the information, then click "Add"'. Below this, there are several input fields: 'First Name' with the value 'Qiongxin', 'Last Name' with the value 'Wang', 'Birth Day' with a dropdown menu showing '11', 'Birth Month' with a dropdown menu showing 'February', 'Birth Year' with the value '1968', 'Gender' with a dropdown menu showing 'female', and 'Profile Image' with the value 'QiongxinWang'. Below these fields, there is a 'Relationship' label followed by a dropdown menu showing 'Add Parent', and a 'Select Existing Member' label followed by a dropdown menu showing 'Yige Zhu'. At the bottom of the form, there are two buttons: 'Add' and 'Clear'. Below the buttons, there is a row with a dropdown menu showing '...' and a button labeled 'Get Title'.

Additional family members can be added based on immediate family relations (eg. your grandmother is added as the mother of your mother)

The screenshot shows a web application window titled "Family Tree". It has three tabs: "About", "Add Member" (which is active), and "Tree". Below the tabs, there is a instruction: "Fill in the information, then click 'Add'." The form contains the following fields:

- First Name:  Last Name:
- Birth Day:  Birth Month:  Birth Year:  Gender:  Profile Image:
- Relationship:  Select Existing Member:

At the bottom of the form area, there are two buttons: "Add" and "Clear". Below the form area, there is a section with a dropdown menu (currently showing "...") and a "Get Title" button.

The user accesses the Get Title button at the bottom to obtain the title of the selected family member (in Chinese).

This screenshot shows the same "Family Tree" application window. The "Add Member" tab is still active. The form fields are now empty, indicating that the user has either cleared the form or is viewing a different state. The "Relationship" dropdown is now set to "...". The "Select Existing Member" dropdown is also set to "...". The "Add" and "Clear" buttons are still present. At the bottom, the dropdown menu now shows "Qiongxin Wang" and the "Get Title" button is visible next to it, with the text "Ma Ma" appearing to the right of the button, indicating the result of the action.
